

Preamble and Form Letter.

Woolworths is intent on building a supermarket in Maleny. In a recent independent survey 80% of residents expressed their opposition to the development on that particular site. Woolworths will not talk to the community even though \$2m has been raised to buy back the site. They are determined to go ahead, even in the face of such overwhelming opposition, with the apparent blessing of State Government and Local Council.

If you would like to support us we would encourage you to shop for groceries in different supermarkets, to encourage your friends, and your friends' friends to do so as well, and to tell Woolworths' management what you're doing. We include a form letter to make this last easier.

More information can be found on the site, www.malenyvoice.com

Please send the following letter to:

rcorbett@woolworths.com.au

with the subject heading, 'Woolworths and Maleny.'

The Chairman and Board of Directors,
Woolworth's Australia.

Dear Sirs,

We, the under named, do fully support the community of Maleny, Queensland, in their endeavours to purchase the site of the proposed new supermarket in their town. We understand there are serious unresolved traffic issues and that an established platypus colony will be compromised during construction.

It is our understanding that an independent survey found 80% of the community oppose the development. I would also urge the Woolworths' Board to instruct Management to carry out your stated mission to "listen to your customers and to the wishes of communities".

Until such time as Woolworths' management agrees to stop building on that site we will not shop at Woolworths.

The Woolworths' supermarket that we shop at is in [SUBURB NAME]

Yours Most Sincerely,

[Your Name]

[Your Address]
